Work Experience -

Layne has an extensive understanding of the basement waterproofing and crawl space repair industry having been in the construction industry for over 15 years. He built 3 custom homes of his own and has completed many renovation projects and home repairs. After being introduced to the unique and innovative products offered by Basement Systems, he quickly realized he needed to be a part of the team at Connecticut Basement Systems. Layne is a true professional and brings a focused, intelligent approach to each job he is involved with.

Connecticut Basement Systems saw what an asset Layne would be to the company with his previous experience as well as his eagerness to help people, and brought him on board. He is a trusted and valued member of the team and upholds the standards of the company. Layne has been thoroughly trained and has earned the highly esteemed title "Certified Waterproofing Professional", through the Basement Systems International Waterproofing Contractor Network.

Layne's previous background in the construction industry has taught him excellent troubleshooting skills which have benefited his many customers. Layne is confident that any of his customers would recommend him and his work without hesitation.

Layne enjoys meeting with homeowners and helping them solve their basement water problems, enabling them to get more out of their homes.
