System Design Specialist

www.mybasementguy.com/rickjanesky

Family: Wife - Eileen

Son - Zachary

Hobbies - Motocross Racing, Outdoor Activities

Scheduled appointment

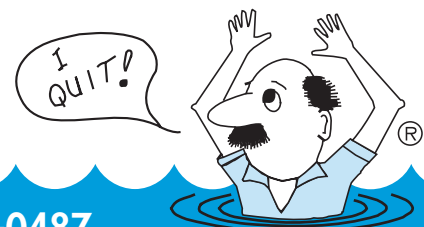

Work Experience -

Rick attended the carpentry program at Bullard Havens Tech. He has a tremendous understanding of basement waterproofing having worked in the carpentry trade building houses beginning on summer vacations in his high school years. Rick's carpentry career continued after graduation when he worked for his brother, and then started his own carpentry business. His brother is the owner and founder of Basement Systems and brought him on in 1988. Rick brings a focused, intelligent approach to each job he is involved with and is a true professional.

Rick worked as a foreman and crew supervisor for 5 years, personally installing over **800** systems with his own hands. He took responsibility for customer satisfaction and system performance on all these jobs. In 1993 he was promoted to Systems Design Specialist. Since then he has consulted with over **8100** homeowners on wet basement solutions.

Basement Systems is the corporate headquarters for the Basement Systems International Waterproofing Contractor Network - a group of over 140 of the best waterproofing contractors in the world, who have exclusive access to patented products, comprehensive training and support through the international company.

Joe enjoys meeting with homeowners and helping them solve their basement water problems, enabling them to get more out of their homes. He is also Certified by the EPA in radon testing and mitigation. He spends his free time racing his motocross vehicles.
